National Federation of the Blind of California
San Fernando Valley Chapter**

Present

THE BEST IN TECH 2011

Best in Tech offers a great opportunity to those who are interested in learning about the latest innovations in assistive technology for the blind and partially sighted. Attend this **free** annual event that offers a rare chance to:

- Learn from actual users of the latest assistive technology about their favorite solutions (cell phones, GPS, CCTVs, note takers, etc.)
- Listen to speakers about cell phone applications, affordable voice recognition computer systems, and digital book players.
- Attend workshops to learn how to use the latest solutions such as Freedom Scientific's latest version of the MAGic screen magnification program and their new keyboard. In addition they will demonstrate the use of the new SARA CE, a stand alone scanning system. As well as hands-on demonstration of Enhanced Vision's latest video magnifiers for people with low vision.
- Visit booths of the most popular vendors of low vision magnifiers and related technology.
- Shop for holiday gifts and take advantage of special discounts.
- Meet and "talk tech" with others who are blind or low-vision.
- Learn about the best accessible cell phones for the visually impaired.
- Enter for a chance to win one of several high-tech items that will be raffled throughout the event (11am - 4pm).

When: Saturday, November 12, 2011

9:00AM to 4:00PM

Where: Double Tree by Hilton Hotel

6161 West Centinela Avenue,

Culver City, 90230
